## EDUCATION

**B.Sc. Information Technology**
Sunway University, PJ
Feb 2025 – Jan 2028 (Expected)
**CGPA: 3.73 / 4.0**

**Monash University Foundation Year (MUFY)**
Sunway University, PJ
Jan 2024 – Oct 2024
**Total Score: 77/100**

## TECHNICAL SKILLS

**Languages:** JavaScript, TypeScript, PHP, Python (basic)

**Frontend:** React, Vite, Tailwind CSS, HTML & CSS

**Backend & Data:** Node.js, WebSocket, PostgreSQL (Supabase), MySQL, session-based authentication, ASP.NET MVC

**AI & Tools:** Claude Code, ChatGPT, Gemini, GitHub, Render, Netlify, Vercel, Microsoft Office, Adobe Photoshop

**Networking:** Cisco Packet Tracer, VLANs, DHCP, STP, SSH, TCP/IP

## SOFT SKILLS

Problem Solving, Attention to Detail, Communication, Teamwork, Willingness to Learn, Task & Deadline Management, Responsibility, Adaptability

## LANGUAGES

English (Fluent)
Mandarin (Fluent)
Malay (Conversational)

## REFERENCE

**Assoc. Prof. Ir. Dr Ranjit Singh Sarban Singh**
Lecturer, School of Engineering and Technology, Sunway University

# TEO WAN YIN

AI Automation & Web Development Intern | IT Student

## OBJECTIVE

IT undergraduate seeking an AI Automation Software Engineer internship to build practical tools for real business problems. Hands-on with React, TypeScript, Node.js and PostgreSQL, deploying full-stack web apps with AI-assisted development (Claude Code). Strong troubleshooting and clear communication.

## PROJECTS & HACKATHONS

**JamPod – Virtual Band Practice Room** Nov 2026
*React | TypeScript | Node.js | WebSocket | PostgreSQL (Supabase) | Tailwind CSS | Render | Live Demo*

- Built and deployed a browser-based practice room where bands of up to 4 jam live from different devices, with a shared stage, chord teleprompter and whiteboard.
- Added an asynchronous Song Studio to record, mix and share song layers using the Web Audio API and MediaRecorder.
- Implemented a Node.js backend with a custom WebSocket relay, secure login (scrypt hashing, HttpOnly session cookies) and a PostgreSQL database.
- Built with AI-assisted coding (Claude Code); reviewed, tested and deployed to Render.

**Snapstock – Product Capture Web App** Sep 2026 – Oct 2026
*React | Vite | PostgreSQL (Supabase) | HTML & CSS | JavaScript | Live Demo*

- Developed a bilingual, mobile-friendly app for photographing products, logging stock and measurements, and filing shipping-fee reports.
- Added secure login, PostgreSQL database and cloud photo storage; deployed on Netlify. Fixed slow photo uploads by processing 3 images at once on submit.

**Codex Community Hackathon Kuala Lumpur 2026 (OpenAI Build Week)** June 2026
*Team Participant | Applicant*

- Pitched an AI virtual-queue app to cut clinic waiting times in a 150-participant round.

**SDG 08 Economic Growth Website** Feb 2026 – Mar 2026
*HTML | CSS | PHP | MySQL (phpMyAdmin)*

- Built a database-driven website aligned with UN SDG 8 using PHP and MySQL; fixed empty job-filter results by correcting mismatched job titles.

**SME Network Design and Implementation** Jul 2026 – Aug 2026
*Cisco Packet Tracer + Physical Cisco Lab | Group project (5 members)*

- Configured 4 VLANs, router-on-a-stick, DHCP, LACP EtherChannel, STP, port security and SSH; debugged issues with show commands.

## CERTIFICATIONS

**CCNA: Introduction to Networks** March 2026
*Cisco Networking Academy | Verified student-level badge*

- Covers Ethernet, IPv4/IPv6 addressing, subnetting and switch/router setup, with hands-on labs.

## WORK EXPERIENCE

**E-Commerce Seller, Klang** Nov 2024 – Present
*Shopee Store Operator | Part-Time*

- Independently resolve customer disputes and overcharged shipping fees.
- Manage listings, inventory and orders; list ~20 products daily (300–400 monthly).

## LEADERSHIP & COMMUNITY

**Group Leader, Community Service for Planetary Health (Trash-to-Treasure)** Jun 2026 – Aug 2026
*Sunway University × Sunway Desa Mentari | Group Leader*

- Led a team against illegal dumping at Desa Mentari; planned a weekly recycling-for-barter programme with a project plan and RM580 budget, and pitched it to community leaders.

**Peer Mentor, Peer Mentoring Programme** Jan 2024 – Jul 2024
*Sunway College | Mentor*

- Mentored a Year 1 ICT student via regular check-ins, raising their result from D to B.

**President, Adobe Masterclass Photoshop CCA** Jun 2023 – Nov 2023
*Nobel International School | President*

- Led a 20-member club for a year, running weekly sessions and preparing activity reports.
